WOODBRIDGE TOWNSHIP SCHOOL DISTRICT

P.O. Box 428, School Street
Woodbridge, NJ 07095

Dear Parent/Guardian:

In order to attend a public school in New Jersey, your child must be properly immunized against certain communicable diseases. Enrollment in the Woodbridge Township Public Schools will not be denied based upon the absence of your child's medical information, but actual attendance at school may be deferred as necessary until there is compliance with the rules regarding immunization of students.

Pertinent regulations of the New Jersey Department of Health and Senior Services are at N.J.A.C. 8:57-4.1 et seq.

Medical exemptions to the compulsory immunization requirements will be accepted if documented by a physician licensed to practice medicine or osteopathy or a certified registered nurse practitioner indicating that an immunization is medically contraindicated for a specific period of time, and the reason(s) for the medical contraindication, based upon valid medical reasons as described by applicable statutes, rules, and regulations.

A child will be exempt from mandatory immunization if the parent or guardian objects in a written statement submitted to the school that is signed by the parent or guardian, explaining how the administration of immunizing agents conflicts with the student's exercise of bona fide religious tenets or practices. General philosophical or moral objection to immunization shall not be sufficient for an exemption on religious grounds.

MINIMUM IMMUNIZATION REQUIREMENTS FOR SCHOOL ATTENDANCE IN NEW JERSEY N.J.A.C. 8:57-4: IMMUNIZATION OF PUPILS IN SCHOOL

*** Footnote:** The requirement to receive a school entry booster dose of DTP or DTaP after the child's 4th birthday shall not apply to children while in child care centers, preschool or pre-kindergarten classes or programs.

The requirement to receive a school entry dose of OPV or IPV after the child's 4th birthday shall not apply to children while in child care centers, preschool or pre-kindergarten classes or programs.

**** Footnote:** Antibody Titer Law (Holly's Law)—This law specifies that a titer test demonstrating immunity be accepted in lieu of receiving the second dose of measles-containing vaccine. The tests used to document immunity must be approved by the U.S. Food and Drug Administration (FDA) for this purpose and performed by a laboratory that is CLIA certified.

***** Footnote:** No acceptable immunity tests currently exist for Haemophilus Influenzae type B, Pneumococcal, and Meningococcal.

Please Note The Following:

The specific vaccines and the number of doses required are intended to establish the minimum vaccine requirements for child-care center, preschool, or school entry and attendance in New Jersey. These intervals are not based on the allotted time to receive vaccinations. The intervals indicate the vaccine doses needed at earliest age at school entry. Additional vaccines, vaccine doses, and proper spacing between vaccine doses are recommended by the Department in accordance with the guidelines of the American Academy of Pediatrics (AAP) and Advisory Committee on Immunization Practices (ACIP), as periodically revised, for optimal protection and additional vaccines or vaccine doses may be administered, although they are not required for school attendance unless otherwise specified.

Serologic evidence of immunity (titer testing) is only accepted as proof of immunity when no vaccination documentation can be provided or prior history is questionable. It cannot be used in lieu of receiving the full recommended vaccinations.

Provisional Admission:

Provisional admission allows a child to enter/attend school after having received a minimum of one dose of each of the required vaccines. Pupils must be actively in the process of completing the series. Pupils <5 years of age, must receive the required vaccines within 17 months in accordance with the ACIP recommended minimum vaccination interval schedule. Pupils 5 years of age and older, must receive the required vaccines within 12 months in accordance with the ACIP recommended minimum vaccination interval schedule.

Grace Periods:

- **4-day grace period:** All vaccine doses administered less than or equal to four days before either the specified minimum age or dose spacing interval shall be counted as valid and shall not require revaccination in order to enter or remain in a school, pre-school, or child care facility.
- **30-day grace period:** Those children transferring into a New Jersey school, pre-school, or child care center from out of state/out of country may be allowed a 30-day grace period in order to obtain past immunization documentation before provisional status shall begin.

Superintendent of Schools

February 2012

To New Parents and Guardians of the Woodbridge Township School District:

Keeping parents informed and involved helps to insure student safety and to improve student success. With today's on-the-go lifestyles, it has become more difficult for schools to reach families quickly and effectively. This is why the Woodbridge Township School District utilizes the Honeywell *Instant Alert*[®] *System for Schools*.

Instant Alert for Schools is an essential tool for notification and communication which will eliminate the need for parent "call chains." Within minutes of an emergency, school officials can use the *Instant Alert* system to deliver a single, clear message to our students' parents and guardians through communication by telephone, cell phone, e-mail, pager and/or PDA, or any combination of these communication devices. *Instant Alert* can also be used to notify families of school closings due to inclement weather. It is also an equally effective way to keep families informed of everyday activities, such as event times and locations, and any schedule changes.

Instant Alert is Internet-based, which allows parents and guardians to maintain secure, password-protected online profiles. Instructions for accessing the system and for creating your profile are provided on the reverse side of this letter.

You will have the ability to log into your profile as needed to update your contact information. Maintaining the accuracy of your profile will increase the ability of the school to keep you informed. Your online profile will enable you to:

- Input your personal contact information;
- Select which type of school information you would like to receive on each of your contact devices;
- Add contact information of other caretakers of your children, such as a grandparent or neighbor.

The *Instant Alert* system will be the only communication you receive with regard to inclement weather school closings and other important school information.

In order to use the *Instant Alert* system, PARENT REGISTRATION IS REQUIRED.

The system will be ready for you to use on **August 15, 2012, for the 2012-2013 school year.** Log-on to <https://instantalert.honeywell.com>. A link has also been provided on the district's Website, located at www.woodbridge.k12.nj.us. As the school district will be utilizing this system for most school-to-home communications, I urge you to register as soon as possible after August 15.

Note: Messages listed under the heading of "SCHOOL CLOSINGS" will include school closings for a full day, notices of delayed openings, and unscheduled early dismissals.

Messages listed under the heading of "HIGH IMPORTANCE" will include messages regarding school evacuations, bomb threats, lockdowns, and any other emergency situation that occurs at individual schools.

If you need assistance with your profile, please go to <https://instantalert.honeywell.com> and click on the "Help Request" link on the lower right hand side of the page. (Please be sure to set your e-mail spam filter to receive e-mail from Honeywell.com.)

If you do not have access to a computer, please contact your child's school.

Thank you for your participation in this very important communication system.

Very truly yours,

A handwritten signature in cursive script that reads "John A. Crowe".
