Dear Students,

As we approach the end of the school year, it is time to start thinking about the pleasures of summer reading. The purpose of the summer reading program is to encourage the enjoyment of reading and the development of our students’ independent reading skills.

All students entering ninth, tenth, eleventh, or twelfth grade will read at least one novel. All reading and corresponding assignments will be completed prior to the first day of school in September. Please refer to the attached instructions for further clarification and expectations.

The summer reading assignment will count as a minor assessment grade per assignment. However, during the first few weeks of school, teachers may reference key literary concepts that apply to the books the students have read, and they may be required to complete additional assignments at that time.

We encourage students to visit local bookstores and public libraries in order to find their books. Students may also go online to purchase their books.

Happy reading!
