2nd Block-85 minutes
3rd Block-85 minutes
   (30 minute lunch)
4th Block-85 minutes
Successfully complete 125 credits to graduate
40 credits per year
The “R” track program is the accelerated program. It is for students who have particularly strong academic skills who wish to enroll in a course that is rigorous and challenging and provides a strong background for college level studies. The course places emphasis on Individual responsibility and in-depth analysis.

The “S” track program is designed for students who are planning to pursue further education beyond HS and/or the world of work and student who have strong interest and ability to deal with academic work.

The “AP” courses are geared towards the advanced placement examination. This is a highly challenging program.

Syracuse University Project Advance

Syracuse University Project Advance facilitates and administers a cooperative arrangement between the University and high schools. Through Project Advance, SU enables high school seniors to take Syracuse University courses in their own schools.

- Introduction to Financial Accounting
- Foundation of Human Behavior
Community Service Criteria

- Beginning in the 2013 - 2014, all students in Woodbridge Township high schools will be required to fulfill community service hours.

- Students are required to complete 10 hours of community service each year.

- All of the community service opportunities will be offered at the high schools or within the community.

- Students who do not complete the community service hours will have their report card and/or diploma withheld.
