Fax: (732) 750-3493

*Robert Zega, Ed.D.*  
*Superintendent of Schools*

As a district one of our top priorities is the nutrition of our students. With the current COVID-19 issues good nutrition is even more important than ever. With that in mind and with the guidance of the state, we will continue to provide breakfast and lunch to all free and reduced lunch students during this public health related school closure. Both meals will be served at one time in the morning.

We will be handling this in two different ways, one for bus students and one for non-bus students.

### **For our bus students:**

Our buses will continue to go to their assigned stops in the morning, but instead of picking up students, we will be dropping off the breakfast/lunch for any eligible students. Each driver will have a list for verification before handing out the packages. Please be at your stop at least 10 minutes prior to your normal pickup time. If you are not at the stop we will not be able to wait or come back.

If you normally have a door pickup for your student, the meal will be delivered that way also. Please understand that we will do our best to keep the times the same but it may be a few minutes earlier or later depending on the number of stops a bus has to make. If you do not come to the bus when it is stopped at your location, we will not be able to wait or come back.

### **For our non-bus students:**

We will have a bus at each school parked from 9:15 to 9:30 in order to deliver meals. The drivers will have lists of students to verify names before handing out the packages. At 9:30 we will finish anyone who is line and the bus will be leaving, so please make sure you arrive prior to 9:30.

If you have any problems with deliveries or pick-up, please call your principal or Mark Cinelli, Supervisor of Food Services, at 732-602-2536.

We thank you in advance for your cooperation in making the above work.
